

EcoWarm Towel Warmer Timer

Operation:

Congratulations on purchasing your Heirloom EcoWarm timer. Using this timer will save 40% on your heated towel warmer running costs. It is installed in the flush box behind the power outlet, and can be used with exposed or concealed wiring. It can be retrofitted to any towel warmer.

Must not be used with ESP towel warmers or Strata transformers.

Features

- Easy setting up: just switch on at cycle start time
- Runs for four hours at full power and eight hours on warm (40% power)
- Built in memory; timer retains setting for brief power outages (around 30 minutes)

Technical information: Model WTWARM

Power supply	220-240V ac, 50Hz
Load capacity	180 watts
Operating temperature	0°C to 40°C
Compliance	AS/NZS60335.1
Dimensions	70 x 32 x 11mm

INSTALLATION:

Safety

When using any electrical appliance, safety precautions should always be observed. Read these instructions carefully, and retain for future reference. The product must be installed by an authorised person

Installation Instructions:

Regulations require that electrical work be carried out only by authorised persons. For your own safety, and that of others, please ensure this is done.

Connection:

1. Electrically isolate the existing switch or socket by switching off the circuit breaker for that circuit
2. Before removing the existing plate and disconnecting the attached wires, look to see how the existing switch is wired to the house wiring.
3. Identify the phase (red) and neutral (black) wires from the house wiring, and the phase (red or brown) and neutral (black or blue) coming from the load (the appliance). Label them if needed.
4. Wire in the load (the appliance / towel warmer) phase and neutral . The neutral is shared between the house and load. Earth wires can be connected together with a screw connector (not supplied). This unit is not earthed.
5. Attach small label to the face plate to indicate that an EcoWarm timer is fitted.

Warranty

Heirloom EcoWarm is warranted against manufacturing faults for 2 years from date of purchase. Heirloom is only liable for replacement or repair of the faulty unit and is not liable for any consequential damages caused or costs incurred. Refer any servicing questions to the supplier you bought the unit from or call 0800 434 756. Made in New Zealand and Distributed by:
